

## Rack Systems

### DESCRIPTION

This SFRAME™ open rack can meet your requirements for devices placement and cable management at a very reasonable price. Moreover, it is designed with features of professional high-strength steel or aluminum construction, quick and convenient assembly, easy device installation, and black electrostatic surface treatment for long lasting visual appeal. This open frame rack is the ideal option for patch panel, network devices and quick server deployment.

### FEATURES

Rugged construction

The numbered marks make the installation process become easier and faster no matter where you start.

Steel, 4-post, square hole

### SPECIFICATIONS

- 19-inch mounting width suitable for most networking equipment
- Conforms to industry standard ANSI/EIA-310-D mounting configuration
- 360kg (800lbs) static load capacity
- Body and frame fabricated from cold rolled steel or aluminum alloy
- Matte black powder-coated finish

### OPTIONS

Sframe™ open rack are offered with an option of two types of material structure:

Steel

Aluminum alloy

Steel, 2-post, square hole
